TIM FOUNTAIN and DON BUTSON of Cartographic Associates met with the Selectmen to present proposals for the upgrading of the Town Maps. The current maps were done cheaply years ago by using a USGS Base Map. This has made it difficult to keep up the maps and Don has to cram the new surveys often causing the maps to be distorted. The new proposal is timely as the State of NH – DOT is in the process of photographing the entire state and making the maps available to the Towns at no cost. A proposal will be submitted to the board for consideration and the cost may be spread over two years. Ms. Connors felt that the maps would be helpful to the Sugar Hill Conservation Commission as well.

With no more business before the Board, MR. STRASSER made a motion to adjourn, seconded by MS. CONNORS the meeting was adjourned at 7:15 PM. The next scheduled meeting will be on Monday, October 26th at the Carolina Crapo Building at 5:30 PM with appointments scheduled at 6:00 PM.

Respectfully submitted,

Jennifer P. Gaudette
Administrative Assistant
