

Minutes of the Sugar Hill Conservation Commission

Date July 21 2016

Start Time 6:00

Adjournment time 7:04

Attending Members

Kathie Galligan

Margo Connors

Eric Jostrom

T.C. Williams

Guests

Cathy Strasser

Charles Doolittle

Before Meeting Williams Connor and Strasser attempted unsuccessfully to find proposed trail flagged by forester Ben Hudson in town forest.

Discussed request for approval of building permit for a garage at 292 Streeter Pond Drive Map 212 Plot 12 with Mr. Doolittle. Does not seem to need DES permit for shoreline or wetlands, has had inspection by "Jeff" from DES. We suggested he get statement from DES that no permit is needed and attach statement to building permit application to Town of Sugar Hill.

Approved minutes of last meeting unanimously.

Received request from John Seeley for approval draft of wetlands permit for Map 219 lot 12 for modification of stream drainage. Did not approve but requested he follow usual procedure of submitting full permit application to Town clerk. We would get a copy and would comment if needed.

Reviewed building permit for excavation at Lot 19 Map 202 on Streeter Pond drive. No comment made as is replacing foundation at same location.

Decided not to approve funds for further work at Town forest until we have inspected proposed trail.

Margo Connors reported we have not received any word on when Coffin Pond sign will be done.

Cathy Strasser expressed interest in joining SHCC. We will submit her name to selectmen for appointment.

Next meeting August 18

-Timothy Williams
