Public Hearing

Trimming on Scenic Roads

Brian Salas Arborist for Eversource explained that they were here tonight for approval for tree removal and trimming along the scenic roads in Sugar Hill. They have marked the trees that need to be removed and are speaking to all homeowners. If an owner does not want a tree removed, they will not remove it. They are also planning on trimming branches that are close to or in the way of the wires.

The Board expressed approval of the trimming and removal work done in the past and are confident that a good job will be done this time as well. On a motion made by David Thurston, seconded by Jim Keefe approval was granted for trimming and removal of trees along the scenic roads in Sugar Hill. PASSED UNANIMOUSLY

Old Business/New Business

John informed the Board that the Selectmen decided to remove the noise ordinance from the warrant article for this year's town meeting.

With no further business, the meeting was adjourned.
