The board members met with Road Agent Douglas Glover and Town Forest/ACT Representative Rebecca Brown on Trumpet Round Road. There has been a parking problem during the winter with people using the Town Forest Trails parking in the way of the Town plows. The group discussed property boundaries and Rebecca will verify the Town Forest lines. The board will review further in regard to property owners/boundaries/roadwork and make a recommendation to the Town Forest Committee.

The board reviewed the applicants for the open position on the Town Highway Department. Three finalists have been selected and interviews will be scheduled for Saturday May 3, 2014. Chief Wentworth, Chairman Connors, Mr. Glover, AA Gaudette and a member of the highway committee will comprise the interview committee.

MS. CONNORS updated the other board members on a project that the Easton Conservation Commission is working on involving the New Hampshire River Management and Protection Program and also a proposal about the Ammonoosuc Watershed Stream Corridor Private Landowner Conservation Feasibility Study through ACT.

Jennifer advised the board that she had met with Roy Duddy from PSNH in regard to the Energy Efficiency Programs for Municipal Customers. Mr. Duddy will have a representative contact Jim Keefe for a walk through of both the Meetinghouse and Crapo Building in regard to light savings. The Meetinghouse was done previously but there needs to be better lighting in the building. In addition there are more incentives available to help with replacing electric, oil or propane fired heating and hot water systems with energy efficient models.

The board signed a renewal for a Discretionary Preservation Easement for Sandra White on Map 213, Lot 1.
