Discussed Coffin Pond Conservation area:

Difficulty in extending trail completely around pond as the north part of such a trail would impact Magnuson property or have to be in wet area.

Stone marker now in place for Galligan Memorial Tree. CHRIS ELLMS proposed placing rocks at edge of parking area to protect tree and marker. Will check with town to see if this would make mowing more difficult.

MARGO CONNORS reported she had written Ed Galligan telling him memorial stone was in place.

MARGO CONNORS reported that new regulations will be discussed at Dec 4 planning board meeting.

CHRIS ELLMS reported on Town Forest: signage is in place to boulder and Bear Claw trail.

Bridge over stream needs safety upgrade. He is working on new bridge plans.

While Mountain School shop class interested in working on additional signage for town forest.

Commission will ask CATHY STRASSER to again prepare annual SHCC report for Town annual report as she has so skillfully done in the past.
