Checklist for Items Needed to Obtain a Residential Building Permit:

Required: a thoroughly complete building permit application and the payment of all appropriate fees. The following items must be included with the application.

- A State Septic Approval for Construction number for a system designed for the use that is being proposed. The town needs to approve septic designs before submission to NH DES for approval.
- Driveway permits as required. Driveway permits are required on State and Town roads. For Town Driveway permits contact the Sugar Hill Highway Department at 603-823-8788. For State Driveway Permits contact District 1 at 603-788-4641.
- Renovation or Demolition projects: Evidence of required inspections for asbestos and lead. Information is available from the Department of Environmental Services at <http://www.des.nh.gov>. Evaluation of asbestos and lead containing materials is necessary prior to demolition or renovation of any structure.
- Certified approved Energy Code number from NH Public Utilities Commission as required. Information is available at <http://www.puc.state.nh.us>.

Note: All plans, drawings and narratives submitted with the application or additionally required will be permanent records kept on file at the Sugar Hill Town Office.

Items Needed to Obtain a Residential Occupancy Permit:

- A town approved building permit.
- A State Approval to operate a septic system.
- A permit to install and operate oil burning equipment to be in compliance with RSA 153:5 by contacting the Sugar Hill Fire Chief. Contact phone number 603-823- 8415.
- Required Town of Sugar Hill Building Inspections at the appropriate point in the construction process and a final inspection. See below for a list of required inspections.

Inspections Required by the Town of Sugar Hill:

1. **Pre-Foundation & Site Disturbance:** After Site disturbance, after any required excavation, and after forms have been erected with any required reinforcing steel in place and before pouring concrete.
2. **Frame & Mechanical Inspection:** After roof, masonry, all framing, fire stopping, draft stopping, and bracing are in place and after rough plumbing, mechanical, gas and electrical have been installed and before insulation and sheetrock, plaster or other interior finishes are installed.
3. **Final Inspection:** After permitted work is complete and prior to occupancy.

It is the responsibility of the contractor to arrange for inspections at the appropriate stage of the work. Please call the Sugar Hill Town Office, 603-823-8468, to schedule these inspections and allow 48 Hours.

Code Compliancy Requirements:

In July of 2019 the State of NH adopted the International Residential Code 2015 for all new residential construction and residential remodel/renovation work. On April 1, 2010 the applicable code editions were updated. State Law requires compliance with the State Building Code and the following codes for the construction of residential buildings, building components or structures:

2015 International Residential Code
2015 International Plumbing code
2017 National Electric Code

All construction must comply with the State Building Code and the Town of Sugar Hill Zoning Ordinance.

Please note:

1. Any electrical work must be completed by a licensed electrician per RSA 319-C:1
2. Any plumbing work must be completed by a licensed plumber per RSA 329-A.
