The bridge at Coffin Pond was the first item discussed for new business. Lumber has been delivered to CHRIS'S home and we are going to install the base beam on each side of the brook Saturday morning. We also will be removing what is left of the beaver dam.

We discussed increasing the number of members and CLAIRE has met a couple who have just become permanent residents. She will speak with them and if they are interested she will invite them to the November meeting.

CLAIRE asked about the Community Power program. In the future the Select board will be appointing a committee and CLAIRE will be our representative.

CHRIS asked the Commission members to read the Master Plan with the emphasis being to familiarize ourselves with the responsibilities asked of the Commission. Sugar Hill must rewrite the town Master Plan and we will have considerable input in the preparation.
