

March 8, 2023
Broadband Meeting Minutes

Present via Zoom: Carol Miller, Consultant, Doug Evelyn, Michael Morley, Nancy Martland, Jeanne Cummings, Jordan Applewhite, Tim Egan, Margo Connors

The group agreed to share a Broadband Committee update in the town newsletter and with handouts at Town Meeting. Margo and committee members can answer questions from the community at the annual meeting.

BB Committee is meeting with CCI on March 23, 2023 @ 4:30 with Franconia BB Committee via Zoom. At the time we will gather information to present to the public at a later date and invite CCI and their construction team to present to the community.

Questions to ask CCI: When will they start construction? How will they protect views? How long will it take? Are they aware of road bans? Will there be a plan for emergency response after a significant storm? Will they replace or add poles? Any Hendrix spacers? How to handle complaints or concerns?

Will CCI be able to provide a public WIFI system outside of the Sugar Hill Town Hall or Meeting House?
Does the library have a WIFI box for wireless access?

The Broadband Committee will continue to meet as the project gets underway.
